WHY REGISTER FOR MASS? If Contact Tracing is needed

Mass attendees will be notified if we become aware that someone who attended a Mass has tested “positive” for COVID-19. According to current Commonwealth of Massachusetts regulations, Mass attendees capacity may be 50% of the church capacity. When Social Distancing of 6 feet all around is included, the capacity is greatly reduced. Reservations allow us to control numbers and worship safely. This capacity limitation will be in place as long as Social Distancing guidelines are in effect.
